These eye doctors are nearby - which is right for you? Check Humana.com for a more advanced search. You'll see who has the hours you like, the services you need and the selection you demand.

Directory last updated: 10/14/2019

Please use the buttons provided on the page when conducting your search for best results. Do not use your browser's back button.

Not all providers offer all services and discounts on non-covered services and may not be available through all providers, or in all states. Certain information, such as hours of operation, languages spoken, acceptance of new patients and the types of frames/products are provided directly by providers and are not independently confirmed by Humana.

Any provider included in this directory is listed for outpatient services. In addition, the directory includes information regarding whether the provider is currently accepting new patients. All vision providers in your network are required to accept new patients. Please file a complaint if a provider tells you they are not accepting new patients. You do not
need a referral to obtain care or services from a vision care provider. Routine vision care does not require a gatekeeper to manage your vision care choices.

If you have difficulty finding a provider near you or securing an appointment, you may be eligible to submit an out-of-network claim to receive the in-network level of benefit. Visit eyemed.com for an out-of-network claim form.

Need an interpreter? Call 1-888-249-5194 at no additional cost. Access TTY Services by dialing 711. To obtain the provider directory in an alternate format, please call 1-866-9-EYEMED.

You are entitled to full and equal access to covered services, including enrollees with disabilities as required under the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973. We do not consider your race, disability, religion, sex, sexual orientation, health, ethnicity, creed, age or national origin when giving you access to care. Network providers are legally required to do the same.

Report directory inaccuracies in the provider locator by emailing directorydata@eyemedonline.com or calling 1-866-939-3633. If you believe that you relied upon materially inaccurate, incomplete or misleading directory information please submit your complaint by emailing eyemedqa@eyemedvisioncare.com.

About our network

Important information for Provider Locator users who live in Texas.

Important information for Provider Locator users who live in Connecticut.

Important information for Provider Locator users who live in Colorado.

How we build our vision networks
Our network of eye doctors includes thousands of independent providers, popular retailers and online options so you can see who you want to see, where and when you want to see them. We build our networks based on how many providers there are in a specific area and the provider’s ability to meet network participation standards. We reimburse providers a contractual fee for each service they provide. This way we can ensure that we have enough providers available to meet your routine vision care needs.

**How we choose providers**

We created the vision network based on numerous market variables. We chose providers for this network based on the following criteria:

- access and availability
- meets our credentialing standards
- provider ability to meet network participation criteria
- cost efficiency

**Quality assurance procedures**

All providers must complete credentialing before joining our network. We require re-credentialing every three years. Between credentialing cycles, we monitor the following as part of the ongoing quality review:

- state board sanctions
- loss of license
- office of personnel management/office of inspector general reports
- state and federal program exclusion lists
- Medicare opt out

**Network maintenance**

Our network providers are the source of the provider information in this directory and responsible for information accuracy. Updates received from our network providers are typically added to the EyeMed Provider Locator once per day, including weekends and
holidays. Exclusions include interruptions due to system maintenance, upgrades or unplanned outages. This information is subject to change at any time. Should you elect to use a printed subset of the directory, keep in mind that the printed directory is only accurate as of the date printed and limited by the search filters. The website provider locator is the most current and complete provider directory. Network administration services are provided through EyeMed Vision Care, LLC 4000 Luxottica Place Cincinnati, OH 45040.
